POLICIES & AUTHORIZATIONS

REFRACTION POLICY

A refraction is the test that is performed to determine your eyeglass prescription. It is performed by either a doctor or ophthalmic technician and typically includes "which is better 1 or 2". Medicare and most other insurance plans **DO NOT COVER** refractions because they are considered routine care. Medicare allows eye doctors to charge separately for this service. If you wish to have a refraction as part of your eye exam the charge for this service will be \$65.

I understand that Vista Eye Specialists may use and disclose my protected health information for purposes of treatment, payment, and health care operations. I also acknowledge that I have received, have been offered, or have received in the past a copy of the Practice's Notice of Privacy Practices, which provides information about how the Practice, and individuals involved in my care in the Practice, may use and disclose my protected health information. As provided in the Notice, the terms of the Notice may change. To obtain a current copy of any current Notice, I understand that I can contact the Privacy Officer at (888) 393-5264.

However, if the Practice does agree, it is bound by the agreement. I understand that I have the right to revoke this consent in writing at any time, except to the extent that the Practice, or individuals involved in my care in the Practice, have already used or disclosed protected health information in reliance on my prior consent.

Some insurance companies and labs require a social security number to verify coverage and obtain test results. As with your other medical information we handle this sensitive information with the utmost care to protect your privacy in compliance with Health Insurance Portability and Accountability Act (HIPAA). Without a social security number we must require payment in full at time of service and we will furnish documentation for you to file for insurance reimbursement.
